| Capacities   |              | Metric                                 |
| Rated Operating Capacity                             |              | 748 kg                                 |
| Rated Operating Capacity with Optional Counterweight |              | 816.50 kg                              |
| Unladen weight                                       |              | 2796 kg                                |
| Weight and dimensions                                |              |  |
| Overall Operating Height - Fully Raised              | h27          | 3876 mm                                |
| Height to Hinge Pin – Fully Raised                   | h28          | 3023 mm                                |
| Overall Height to Top of ROPS                        | h17          | 1948 mm                                |
| Dump angle at full height                            | a5           | 38 °                                   |
| Dump height  | h29          | 2380 mm                                |
| Overall length with bucket                           | 116          | 3101 mm                                |
| Dump reach - Full height                             | r6           | 579 mm                                 |
| Rollback at ground                                   |              | 28 °                                   |
| Seat to ground height                                | h30          | 904 mm                                 |
| Wheelbase  | у            | 988 mm                                 |
| Overall width less bucket                            | b1           | 1544 mm                                |
| Bucket Width   | e1           | 1562 mm                                |
| Ground clearance                                     | m4           | 160 mm                                 |
| Overall length - Less Bucket                         | 12           | 2385 mm                                |
| Departure angle                                      | a2           | 21 °                                   |
| Clearance Radius - Front with Bucket                 | b18          | 1869 mm                                |
| Clearance Circle - Front without Bucket              | b19          | 1153 mm                                |
| Clearance Circle - Rear                              | wa1          | 1466 mm                                |
| Performances   |              |  |
| Travel Speed with Two-Speed Option - Maximum         |              | 19.50 km/h                             |
| Travel speed (unladen)                               |              | 12.60 km/h                             |
| Wheels   |              | 12.00 ((1))                            |
| Standard tyres                                       |              | 10.00x16.5 HD                          |
| Engine   |              |  |
| Engine brand   |              | Yanmar                                 |
| Engine model   |              | 4TNV88C-KMS                            |
| Gross Power (kW)                                     |              | 52 kW                                  |
| Net Power (kW)                                       |              | 51 kW                                  |
| Max. torque / Engine rotation                        |              | 241 Nm / 2500 rpm                      |
| Battery  |              | 12 V                                   |
| Alternator   |              | 100 kW                                 |
| Starter (kW)   |              | 3 kW                                   |
| Hydraulics   |              |  |
| Standard flow - Auxiliary hydraulics                 |              | 71.40 l/min                            |
| Auxiliary Hydraulic Pressure                         |              | 207 bar                                |
| High-Flow Auxiliary Hydraulics – Option              |              | 114 l/min                              |
| High-Flow Auxiliary Hydraulics Pressure – Option     |              | 200 bar                                |
| Tank capacities                                      |              | 200 501                                |
| Fuel tank  |              | 62.50                                  |
| Reservoir Capacity Hydraulics                        |              | 41.60                                  |
| Displacement   |              | 3.30                                   |
| Noise and vibration                                  |              | 0.001                                  |
| Environmental noise (LwA)                            |              | 101 dB                                 |
| Noise at driving position (LpA)                      |              | 85 dB                                  |
| NOISE at uning position (LPA)                        |              |  |
| Whole-Body Vibration (ISO 2631-1)                    |              | 0.90 m/s <sup>2</sup>                  |

## 1650 R - Dimensional drawing

## Equipment

| ntegral Access Plate (removable)                 | Standard |
|--|----------|
| Lifting function                                 |          |
| All-Tach® Attachment Mounting System             | Standard |
| Auxiliary Hydraulics                             | Standard |
| High-Flow Auxiliary Hydraulics                   | Optional |
| Power-A-Tach® Attachment Mounting System         | Optional |
| Lighting   |          |
| Work Lights - Front and Rear                     | Standard |
| Motorization/Power                               |          |
| Engine Auto-Shutdown System                      | Standard |
| Engine Block Heater                              | Optional |
| Swing-Out Cooler                                 | Standard |
| Two-Speed Drive                                  | Optional |
| Operator station                                 |          |
| Air conditioning with manual adjustment          | Optional |
| Air suspension seat                              | Optional |
| Cab Enclosure                                    | Optional |
| Foot and Hand Throttles 2                        | Standard |
| Gehl T-Bar Controls                              | Optional |
| Hand/Foot Controls                               | Optional |
| Heating  | Optional |
| High-Back Adjustable Seat                        | Standard |
| Hom  | Standard |
| Joystick controls                                | Optional |
| ROPS/FOPS Level II Overhead Guard                | Standard |
| Sound Reduction Material                         | Standard |
| Suspension Seat - Mechanical                     | Optional |
| Other options                                    |          |
| Hydrostatic Drive - Servo                        | Standard |
| Selectable Self-Leveling Hydraulic Lift Action 4 | Optional |
| Secondary functions                              |          |
| Counterweight                                    | Optional |
| Full Instrumentation                             | Standard |
| Hydraglide™ Ride Control 3                       | Optional |
| Security   |          |
| Anti-Vandalism Protection                        | Standard |
| Back-Up Alarm                                    | Optional |
| Brake Control (Auto / Manual)                    | Standard |
| Hydraloc™ Safety System                          | Standard |
| Lift Arm Support Device                          | Standard |
| Operator Restraint Bar                           | Standard |

Siège Social 430 rue de l'Aubinière - 44150 Ancenis Cedex - France Tel: +33(0)2 40 09 10 11 - Fax: +33 (0)2 40 09 10 97 www.manitou.com

This brochure describes versions and configuration options for Manitou products which may be fitted with different equipment. The equipment described in this brochure may be standard, optional or not available depending on version. Manitou reserves the right to change the specifications shown and described at any time and without prior warning. The manufacturer is not liable for the specifications given. For more information, contact your Manitou dealer. Non-contractual document. Product descriptions may differ from actual products. List of specifications is not comprehensive. The logos and visual identity of the company are the property of Manitou and may not be used without authorisation. All rights reserved. The photos and diagrams contained in thisbrochure are provided for information only.
